JURISDICTION OF THE COMMITTEE ON COMMERCE, SCIENCE, AND TRANSPORTATION

Extract from Rule XXV of the Standing Rules of the Senate

1. The following standing committees shall be appointed at the commencement of each Congress, and shall continue and have the power to act until their successors are appointed, with leave to report by bill or otherwise on matters within their respective jurisdictions:

(f) (1) **Committee on Commerce, Science, and Transportation**¹, to which committee shall be referred all proposed legislation, messages, petitions, memorials, and other matters relating to the following subjects:

1. Coast Guard.
2. Coastal zone management.
3. Communications.
4. Highway safety.
5. Inland waterways, except construction.²
6. Interstate commerce.
7. Marine and ocean navigation, safety, and transportation, including navigational aspects of deepwater ports.
8. Marine fisheries.
9. Merchant marine and navigation.
10. Nonmilitary aeronautical and space sciences.³
11. Oceans, weather, and atmospheric activities.
12. Panama Canal and interoceanic canals generally, except as provided in subparagraph (c)⁴.
13. Regulation of consumer products and services, including testing related to toxic substances, other than pesticides, and except for credit, financial services, and housing.
14. Regulation of interstate common carriers, including railroads, buses, trucks, vessels, pipelines, and civil aviation.
15. Science, engineering, and technology research and development and policy.
16. Sports.
17. Standards and measurement.
18. Transportation.²
19. Transportation and commerce aspects of Outer Continental Shelf lands.

(2) Such committee shall also study and review, on a comprehensive basis, all matters relating to science and technology, oceans policy, transportation, communications, and consumer affairs, and report thereon from time to time.

¹Formerly the Committee on Commerce, name changed effective February 11, 1977. In accordance with the provisions of Rule XXV of the Standing Rules of the Senate, as amended by S Res. 362, agreed to January 27, 1978, the membership of the Committee on Commerce, Science and Transportation consists of seventeen Senators.

²See also the jurisdiction of the Committee on Environment and Public Works, with respect to construction and maintenance of waterways and highways.

³See also the jurisdiction of the Committee on Armed Services with respect to aeronautical and space activities peculiar to or primarily associated with the development of weapon systems or military operations.

⁴Paragraph (c) confers jurisdiction upon the Committee on Armed Services for matters relating to "Maintenance and operation of the Panama Canal, including administration, sanitation, and government of the Canal Zone."

RULES OF THE COMMITTEE ON COMMERCE, SCIENCE, AND TRANSPORTATION¹

I. MEETINGS OF THE THE COMMITTEE

1. The regular meeting dates of the Committee shall be the first and third Tuesdays of each month. Additional meetings may be called by the Chairman as he may deem necessary or pursuant to the provisions of paragraph 3 of rule XXVI of the Standing rules of the Senate.
2. Meetings of the Committee, or any subcommittee, including meetings to conduct hearings, shall be open to the public, except that a meeting or series of meetings by the Committee, or any subcommittee, on the same subject for a period of no more than 14 calendar days may be closed to the public on a motion made and seconded to go into closed session to discuss only whether the matters enumerated in subparagraphs (A) through (F) would require the meeting to be closed followed immediately by a record vote in open session by a majority of the members of the Committee, or any subcommittee, when it is determined that the matters to be discussed or the testimony to be taken at such meeting or meetings —

(A) will disclose matters necessary to be kept secret in the interests of national defense or the confidential conduct of the foreign relations of the United States;

(B) will relate solely to matters of Committee staff personnel or internal staff management or procedure;

(C) will tend to charge an individual with crime or misconduct, to disgrace or injure the professional standing of an individual, or otherwise to expose an individual to public contempt or obloquy, or will represent a clearly unwarranted invasion of the privacy of an individual;

(D) will disclose the identity of any informer or law enforcement agent or will disclose any information relating to the investigation or prosecution of a criminal offense that is required to be kept secret in the interests of effective law enforcement;

(E) will disclose information relating to the trade secrets of financial or commercial information pertaining specifically to a given person if--

(1) an Act of Congress requires the information to be kept confidential by Government officers and employees; or

(2) the information has been obtained by the Government on a confidential basis, other than through an application by such person for a specific Government financial or other benefit, and is required to be kept secret in order to prevent undue injury to the competitive position of such person; or

(F) may divulge matters required to be kept confidential under other provisions of law or Government regulations.

3. Each witness who is to appear before the Committee or any subcommittee shall file with the Committee, at least 24 hours in advance of the hearing, a written statement of his testimony in as many copies as the Chairman of the Committee or Subcommittee prescribes.

4. Field hearings of the full Committee, and any subcommittee thereof, shall be scheduled only when authorized by the Chairman and ranking minority member of the full Committee.

¹Adopted by the Committee of Commerce, Science, and Transportation at its organizational session on January 6, 1981. Printed in the Congressional record on March 30, 1982, pursuant to Senate Rule XXVI.

II. QUORUMS

1. Nine members shall constitute a quorum for official action of the Committee when reporting a bill or nomination; provided that proxies shall not be counted in making a quorum.
2. Six members shall constitute a quorum for the transaction of all business as may be considered by the Committee, except for the reporting of a bill or nomination; provided that proxies shall not be counted in making a quorum.
3. For the purpose of taking sworn testimony a quorum of the Committee and each subcommittee thereof, now or hereafter appointed, shall consist of one Senator.

III. PROXIES

When a record vote is taken in the Committee on any bill, resolution, amendment, or any other question, a majority of the members being present, a member who is unable to attend the meeting may submit his vote by proxy, in writing or by telephone, or through personal instructions.

IV. BROADCASTING OF HEARINGS

Public hearings of the full Committee, or any subcommittee thereof, shall be televised or broadcast only when authorized by the Chairman and the ranking minority member of the full Committee.

V. SUBCOMMITTEES

1. Any member of the Committee may sit with any subcommittee during its hearings or any other meeting but shall not have the authority to vote on any matter before the subcommittee unless he is a Member of such subcommittee.
2. Subcommittees shall be considered *de novo* whenever there is a change in the chairmanship, and seniority on the particular subcommittee shall not necessarily apply.

PROVISIONS RELATING TO AUTHORITY AND PROCEDURE OF COMMITTEES OF THE SENATE

Rule XXVI of the Standing Rules of the Senate Committee Procedure

1. Each standing committee of the Senate, including any subcommittee of any such committee, is authorized to hold such hearings, to sit and act at such times and places during the sessions, recesses, and adjourned periods of the Senate, to require by subpoena or otherwise the attendance of such witnesses and the production of such correspondence, books, papers, and documents, to take such testimony and to make such expenditures (not in excess of \$10,000 for each committee during any Congress) as it deems advisable. Each such committee may make investigations into any matter within its jurisdiction, may report such hearings as may be had by it, and may employ stenographic assistance at a cost not exceeding the amount prescribed by the committee on Rules and Administration. The expenses of the committee shall be paid from the contingent fund of the Senate upon vouchers approved by the chairman.
2. Each committee shall adopt rules (not inconsistent with the rules of the Senate) governing the procedure of such committee. The rules of each committee shall be published in the Congressional Record not later than March 1 of each year, except that if any such committee is established on or after February 1 of a year, the rules of that committee during the year of establishment shall be published in the Congressional Record not later than 60 days after such establishment. An amendment to the rules of any such committee shall be published in the Congressional Record not later than 30 days after the adoption of such amendment. If the Congressional Record is not published on the last day of any period referred to above, such period shall be extended until the first day thereafter on which it is published.
3. Each standing committee (except the Committee on Appropriations) shall fix regular weekly, biweekly, or monthly meeting days for the transaction of business before the committee, and additional meetings may be called by the chairman as he may deem necessary. If at least 3 members of any such committee desire that a special meeting of the committee be called by the chairman, those members may file in the offices of the committee their written request to the chairman for that special meeting. Immediately upon the filing of the request, the clerk of the committee shall notify the chairman of the filing of the request. If, within 3 calendar days after the filing of the request, the chairman does not call the requested special meeting, to be held within 7 calendar days after the filing of the

request, a majority of the members of the committee may file in the offices of the committee their written notice, that a special meeting of the committee will be held, specifying the date and hour of that special meeting. The committee shall meet at that date and hour.

Immediately upon the filing of the notice, the clerk of the committee shall notify all members of the committee that such special meeting will be held and inform them of its date and hour. If the chairman of any such committee is not present at any regular, additional, or special meeting of the committee, the ranking member of the majority party on the committee who is present shall preside at that meeting.

4. (a) Each committee (except the Committee on Appropriations and the Committee on the Budget.) shall make public announcement of the date, place, and subject matter of any hearing to be conducted by the committee on any measure or matter at least 1 week before the commencement of that hearing unless the committee determines that there is good cause to begin such hearing at an earlier date.
(b) Each committee (except the Committee on Appropriations) shall require each witness who is to appear before the committee in any hearing to file with the clerk of the committee, at least 1 day before the date of the appearance of that witness, a written statement of his proposed testimony unless the committee chairman and the ranking minority member determine that there is good cause for noncompliance. If so requested by any committee, the staff of the committee shall prepare for the use of the members of the committee before each day of hearing before the committee a digest of the statements which have been so filed by witnesses who are to appear before the committee on that day.
(c) After the conclusion of each day of hearings, if so requested by any committee, the staff shall prepare for the use of the members of the committee a summary of the testimony given before the committee on that day. After approval by the chairman and ranking minority member of the committee, each such summary may be printed as a part of the committee hearings if such hearings are ordered by the committee to be printed.
(d) Whenever any hearing is conducted by a committee (except the Committee on Appropriations) upon any measure or matter the minority on the committee shall be entitled, upon request made by a majority of the minority members to the chairman before the completion of such hearing, to call witnesses selected by the minority to testify with respect to the measure or matter during at least one day of hearing thereon.

5. (a) Notwithstanding any other provision of the rules, when the Senate is in session, no committee of the Senate or any subcommittee thereof may meet, without special leave, after the conclusion of the first 2 hours after the meeting of the Senate commenced and in no case after 2 o'clock post-meridian unless consent therefor has been obtained from the majority leader and the minority leader (or in the event of the absence of either of such leaders, from his designee). The prohibition contained in the preceding sentence shall not apply to the Committee on Appropriations or the Committee on the Budget. The majority leader or his designee shall announce to the Senate whenever consent has been given under this subparagraph and shall state the time and place of such meeting. The right to make such announcement of consent shall have the same priority as the filing of a cloture motion.

(b) Each meeting of a committee, or any subcommittee, including meetings to conduct hearings, shall be open to the public, except that a meeting or series of meetings by a committee or a subcommittee thereof on the same subject for a period of no more than 14 calendar days may be closed to the public on a motion made and seconded to go into closed session to discuss only whether the matters enumerated in clauses (1) through (6) would require the meeting to be closed, followed immediately by a record vote in open session by a majority of the members of the committee or subcommittee when it is determined that the matters to be discussed or the testimony to be taken at such meeting or meetings —

(1) will disclose matters necessary to be kept secret in the interests of national defense or the confidential conduct of the foreign relations of the United States;

(2) will relate solely to matters of committee staff personnel or internal staff management or procedure;

(3) will tend to charge an individual with crime or misconduct, to disgrace or injure the professional standing of an individual, or otherwise to expose an individual to public contempt or obloquy, or will represent a clearly unwarranted invasion of the privacy of an individual;

(4) will disclose the identity of any informer or law enforcement agent or will disclose any information relating to the investigation or prosecution of a criminal offense that is required to be kept secret in the interests of effective law enforcement;

(5) will disclose information relating to the trade secrets of financial or commercial information pertaining specifically to a given person if —

(A) an Act of Congress requires the information to be kept confidential by Government officers and employees; or

(B) the information has been obtained by the Government on a confidential basis, other than through an application by such person for a specific Government financial or other benefit, and

is required to be kept secret in order to prevent undue injury to the competitive position of such person; or

(6) may divulge matters required to be kept confidential under other provisions of law or Government regulations.

(c) Whenever any hearing conducted by any such committee or subcommittee is open to the public, that hearing may be broadcast by radio or television, or both, under such rules as the committee or subcommittee may adopt.

(d) Whenever disorder arises during a committee meeting that is open to the public, or any demonstration of approval or disapproval is indulged in by any person in attendance at any such meeting, it shall be the duty of the Chair to enforce order on his own initiative and without any point of order being made by a Senator. When the Chair finds it necessary to maintain order, he shall have the power to clear the room, and the committee may act in closed session for so long as there is doubt of the assurance of order.

(e) Each committee shall prepare and keep a complete transcript or electronic recording adequate to fully record the proceeding of each meeting or conference whether or not such meeting or any part thereof is closed under this paragraph, unless a majority of its members vote to forgo such a record.

6. Morning meetings of committees and subcommittees thereof shall be scheduled for one or both of the periods prescribed in this paragraph. The first period shall end at 11 o'clock antemeridian. The second period shall begin at 11 o'clock antemeridian and end at 2 o'clock postmeridian.

7. (a) (1) Except as provided in this paragraph, each committee, and each subcommittee thereof is authorized to fix the number of its members (but not less than one-third of its entire membership) who shall constitute a quorum thereof for the transaction of such business as may be considered by said committee, except that no measure or matter or recommendation shall be reported from any committee unless a majority of the committee were physically present.

(2) Each such committee, or subcommittee, is authorized to fix a lesser number than one-third of its entire membership who shall constitute a quorum thereof for the purpose of taking sworn testimony.

(3) The vote of any committee to report a measure or matter shall require the concurrence of a majority of the members of the committee who are present. No vote of any member of any committee to report a measure or matter may be cast by proxy if rules adopted by such committee forbid the casting of votes for that purpose by proxy; however, proxies may not be voted when the absent committee member has not been informed of the matter on which he is being recorded and has not affirmatively requested that he be so recorded. Action by any committee in reporting any measure or matter in

accordance with the requirements of this subparagraph shall constitute the ratification by the committee of all action theretofore taken by the committee with respect to that measure or matter, including votes taken upon the measure or matter or any amendment thereto, and no point of order shall lie with respect to that measure or matter on the ground that such previous action with respect thereto by such committee was not taken in compliance with such requirements.

(b) Each committee (except the Committee on Appropriations) shall keep a complete record of all committee action. Such record shall include a record of the votes on any question on which a record vote is demanded. The results of rollcall votes taken in any meeting of any committee upon any measure, or any amendment thereto, shall be announced in the committee report on that measure unless previously announced by the committee, and such announcement shall include a tabulation of the votes cast in favor of and the votes cast in opposition to each such measure and amendment by each member of the committee who was present at that meeting.

(c) Whenever any committee by rollcall vote reports any measure or matter, the report of the committee upon such measure or matter shall include a tabulation of the votes cast by each member of the committee in favor of and in opposition to such measure or matter. Nothing contained in the subparagraph shall abrogate the power of any committee of the Senate to adopt rules —

(1) providing for proxy voting on all matters other than the reporting of a measure or matter, or

(2) providing in accordance with subparagraph (a) for a lesser number as a quorum for any action other than the reporting of a measure or matter.

8. (a) In order to assist the Senate in —

(1) its analysis, appraisal, and evaluation of the application, administration, and execution of the laws enacted by the Congress, and

(2) its formulation, consideration, and enactment of such modifications of or changes in those laws, and of such additional legislation, as may be necessary or appropriate, each standing committee (except the Committees on Appropriations and the Budget) shall review and study, on a continuing basis, the application, administration, and execution of those laws, or parts of laws, the subject matter of which is within the jurisdiction of that committee. Such committees may carry out the required analysis, appraisal, and evaluation themselves, or by contract, or may require a Government agency to do so and furnish a report thereon to the Senate. Such committees may rely on such techniques as pilot testing, analysis of costs in comparison with benefits, or provisions for evaluation after a defined period of time.

(b) In each odd-numbered year, each such committee shall submit, not later than March 31, to the Senate, a report on the activities of that committee under this paragraph during the Congress ending at noon on January 3 of such year.

9. Each committee which requires authorization for the expenditure of funds in excess of the amount specified in paragraph 1 of this rule shall offer one annual authorization resolution to procure such authorization. Each such annual authorization resolution shall include a specification of the amount of all such funds sought by such committee. The annual authorization resolution of any committee shall be offered not later than January 31 of that year, except that, whenever the designation of members of committees occurs during the first session of any Congress at a date later than January 20, such resolution may be offered at any time within 30 days after the date on which the members of such committees are designated. After the date on which an annual authorization resolution has been offered by any committee in any year, such committee in that year may procure authorization for additional expenditures only by offering a supplemental authorization resolution. Each such supplemental authorization resolution shall include a specification of the amount of all supplemental funds sought by that committee. Each such supplemental authorization resolution shall amend the annual authorization resolution of such committee for that year unless the committee offered no annual authorization resolution for that year, in which case the committee's supplemental authorization resolution shall not be an amendment to any other resolution and any subsequent supplemental authorization resolution of such committee for the same year shall amend the first such resolution offered by the committee for that year. Each such supplemental resolution reported by such committee shall be accompanied by a report to the Senate specifying with particularity the purpose for which such authorization is sought and the reason why such authorization could not have been sought at the time of, or within the period provided for, the submission by such committee of an annual authorization resolution for that year. This paragraph shall not apply to any resolution requesting funds in addition to the amount specified in paragraph 1 and which are to be expended only for the same purposes for which such amount may be expended. This subparagraph does not apply to the Committee on Appropriations.

10. (a) All committee hearings, records, data, charts, and files shall be kept separate and distinct from the congressional office records of the Member serving as chairman of the committee and such records shall be the property of the Senate and all members of the committee and the Senate shall have access to such records. Each committee is authorized to have printed and bound such testimony and other data presented at hearings held by the committee.

(b) It shall be the duty of the chairman of each committee of the Senate to report or cause to be reported promptly to the Senate any measure approved by his committee and to take or cause to be taken necessary steps to bring the matter to a vote. In any event, the report of any committee upon a measure which has been approved by the committee shall be filed within 7 calendar days (exclusive of days on which the Senate is not in session) after the day on which there has been filed with the clerk of the committee a written and signed request of a majority of the committee for the reporting of that measure. Upon the filing of any such request, the clerk of the committee shall transmit immediately to the chairman of the committee notice of the filing of that request. This subparagraph does not apply to the Committee on Appropriations.

(c) If, at the time of approval of a measure or a matter by any committee (except for the Committee on Appropriations), any member of the committee gives notice of intention to file supplemental, minority, or additional views, that member shall be entitled to not less than 3 calendar days in which to file such views in writing with the clerk of the committee. All such views so filed by one or more members of the committee shall be included within, and shall be a part of, the report filed by the committee with respect to that measure or matter. The report of the committee upon that measure or matter shall be printed in a single volume which —

(1) shall include all supplemental, minority, or additional views which have been submitted by the time of the filing of the report, and

(2) shall bear upon its cover a recital that supplemental, minority, or additional views are included as part of the report.

This subparagraph does not preclude —

(A) the immediate filing and printing of a committee report unless timely request for the opportunity to file supplemental, minority, or additional views has been made as provided by this subparagraph; or

(B) the filing by any such committee of any supplemental report upon any measure or matter which may be required for the correction of any technical error in a previous report made by that committee upon that measure or matter.

11. (a) The report accompanying each bill or joint resolution of a public character reported by any committee (except the Committee on Appropriations and the Committee on the Budget) shall contain —

(1) an estimate, made by such committee, of the costs which would be incurred in carrying out such bill or joint resolution in the fiscal year in which it is reported and in each of the five fiscal years following such fiscal year (or for the authorized duration of any program authorized by such bill or joint resolution, if less than five

years), except that, in the case of measures affecting the revenues, such reports shall require only an estimate of the gain or loss in revenues for a one-year period; and

(2) a comparison of the estimate of costs described in subparagraph (1) made by such committee with any estimate of costs made by any Federal agency; or

(3) in lieu of such estimate or comparison, or both, a statement of the reasons why compliance by the committee with the requirements of subparagraph (1) or (2), or both, is impracticable.

(b) each such report (except those by the Committee on Appropriations) shall also contain —

(1) an evaluation, made by such committee, of the regulatory impact which would be incurred in carrying out the bill or joint resolution. The evaluation shall include (A) an estimate of the numbers of individuals and businesses who would be regulated and a determination of the groups and classes of such individuals and businesses, (B) a determination of the economic impact of such regulation on the individuals, consumers and businesses affected, (C) a determination of the impact on the personal privacy of the individuals affected, and (D) a determination of the amount of additional paperwork that will result from the regulations to be promulgated pursuant to the bill or joint resolution, which determination may include, but need not be limited to, estimates of the amount of time and financial costs required of affected parties, showing whether the effects of the bill or joint resolution could be substantial, as well as reasonable estimates of the recordkeeping requirements that may be associated with the bill or joint resolution; or

(2) in lieu of such evaluation, a statement of the reasons why compliance by the committee with the requirements of clause (1) is impracticable.

(c) It shall not be in order for the Senate to consider any such bill or joint resolution if the report of the committee on such bill or joint resolution does not comply with the provisions of subparagraphs (a) and (b) on the objection of any Senator.

12. Whenever a committee reports a bill or a joint resolution repealing or amending any statute or part thereof it shall make a report thereon and shall include in such report or in an accompanying document (to be prepared by the staff of such committee) (a) the text of the statute or part thereof which is proposed to be repealed; and (b) a comparative print of that part of the bill or joint resolution making the amendment and of the statute or part thereof proposed to be amended, showing by stricken-through type and italics, parallel columns, or other appropriate typographical devices the omissions and insertions which would be made by the bill or joint resolution if enacted in the form recommended by the committee. This paragraph shall not apply to any such report in which it is stated that,

in the opinion of the committee, it is necessary to dispense with the requirements of this subsection to expedite the business of the Senate.

13. (a) Each committee (except the Committee on Appropriations) which has legislative jurisdiction shall in its consideration of all bills and joint resolutions of a public character within its jurisdiction, endeavor to insure that —

(1) all continuing programs of the Federal Government and of the government of the District of Columbia, within the jurisdiction of such committee or joint committee, are designed; and

(2) all continuing activities of Federal agencies, within the jurisdiction of such committee or joint committee, are carried on;

so that, to the extent consistent with the nature, requirements and objectives of those programs and activities, appropriations therefor will be made annually.

- (b) Each committee (except the Committee on Appropriations) shall with respect to any continuing program within its jurisdiction for which appropriations are not made annually, review such program, from time to time, in order to ascertain whether such program could be modified so that appropriations therefor would be made annually.

Public Law 97-35 (H.R. 3982)

August 13, 1981

Providing for reconciliation pursuant to section 301 of the first concurrent resolution on the budget for fiscal year 1982.

Digest: (of those provisions under the jurisdiction of the Commerce Committee.)

Omnibus Budget Reconciliation Act of 1981. Title XI: Transportation and Related Programs - Subtitle A - Aviation - Fiscal Year 1981 Airport Development Authorization Act - Amends the Airport and Airway Development Act of 1970 to authorize appropriations for airport development, planning and noise abatement programs in fiscal year 1981.

Subtitle B: Highways and Highway Safety - Limits the total obligations for Federal-aid highways and highway safety construction programs for fiscal years 1982 and 1983.

Authorizes appropriations to the National Highway Traffic Safety Administration, out of the Highway Trust Fund, for carrying out highway safety programs in fiscal years 1982, 1983, and 1984.

Subtitle C: Public Mass Transportation - Amends the Urban Mass Transportation Act of 1964 to reduce the authorization of appropriations for public mass transportation projects for fiscal year 1982.

Subtitle D: Railroad Retirement and Related Matters - Amends the Railroad Retirement Act of 1974 to direct that an individual who has completed 25 years of service shall be deemed to have "current connection" with the railroad industry for retirement purposes under such Act.

Provides spouses' and widows' benefits to a divorced spouse of an annuitant under specified conditions. Revises the computation of employee, spouse, and survivor annuities with respect to railroad employees who as of December 31, 1974, had at least ten years service and were fully insured under the Social Security Act.

Provides for the application of the social security rules in calculating post-retirement annuity increases or decreases for an early retiree whose benefit was reduced by reason of an early entitlement.

Subtitle E: Conrail - Northeast Rail Service Act of 1981 - Part 1: General Provisions - Sets forth the findings of Congress with regard to freight and commuter rail service in the Midwest and Northeast United States.

Part 2: Transfer of Rail Service Responsibilities - Subpart A: Transfer of Conrail Commuter Services - Relieves Conrail of all obligations to operate commuter service as of January 1, 1983.

Amends the Rail Passenger Service Act to establish the Amtrak Commuter Services Corporation as a wholly owned subsidiary of Conrail. Declares that Amtrak commuter shall not be an agency or instrumentality of the Federal Government but a contract operator of commuter service.

States the applicability of specified laws to Amtrak Commuter. Exempts Amtrak Commuter from payment of certain taxes. Sets forth corporate and financial structure of Amtrak Commuter. Authorizes Amtrak Commuter to issue common stock to Amtrak.

Authorizes Amtrak Commuter to: (1) own, operate, or contract for the operation of commuter service; (2) conduct research and development; and (3) acquire by purchase, gift, or by contracting for the use of physical facilities and equipment necessary to commuter service operations.

Authorizes Amtrak Commuter to operate commuter service under agreements with commuter authorities. Directs Amtrak Commuter to operate commuter service which Conrail was obligated to provide on the effective date of this Act. Requires that any agreement for such service shall be made in accordance with regulations issued by the Rail Services Planning Office.

Allows Amtrak Commuter to discontinue commuter service to such authorities under certain conditions.

Describes the methods by which Conrail or Amtrak Commuter is to be compensated for right-of-way related costs for service over the Northeast corridor and other Conrail properties.

Requires the Board of Directors of Amtrak Commuter to develop and recommend to Conrail: (1) policies that insure equitable access to the Northeast corridor; and (2) equitable policies for the Northeast corridor in regard to dispatching, maintenance, and capital facility investment. Authorizes the Board to recommend to the President and to Conrail such actions as are necessary to resolve differences among railroads and State and local commuter authorities.

Prescribes terms for the transfer of commuter service and properties to Amtrak Commuter.

Prohibits funds appropriated under such Act for the payment of operating and capital expenses of intercity rail passenger service from being used for commuter service by Amtrak Commuter.

Authorizes appropriations for fiscal year 1982 to be allocated to certain commuter authorities.

Subpart B: Additional Financing of Conrail - Amends the Regional Rail Reorganization Act of 1973 to set forth criteria for purchases of Conrail stock by the United States Railway Association. Authorizes appropriations for fiscal years 1982 and 1983 for such purchases of stock and accounts receivable.

Reorganizes the structure of Conrail, including the Board of Directors.

Directs the Secretary to approve or disapprove, within 90 days, a Conrail application for permission to substitute manual block signal systems for automatic systems on certain lines.

Subpart C - Transfer of Freight Service Responsibilities - Directs the Secretary to develop a plan for the sale of Conrail properties. Requires that such plan shall: (1) ensure continued service; (2) promote competitive bidding; and (3) maximize the return to the United States on its investment.

Provides for veto of such proposed sale by disapproval by either House of Congress within 90 days.

Describes the obligations of an assignee to whom such conveyance is made.

Part 3: Protection for Conrail Employees - Directs the Secretary of Labor and the representatives of the various classes of Conrail employees to enter into agreements providing protection for such employees. Declares that any eligible Conrail employee who is transferred to the National Railroad Passenger Corporation or Amtrak Commuter shall remain eligible for such benefits. Sets forth procedures for employee terminations and the payment of termination allowances.

Describes preferential hiring procedures to be followed by rail carriers.

Directs the Railroad Retirement Board to maintain a register of persons separated from railroad employment in the railroad industry. Directs Conrail to provide the Board names of former employees who elect to appear on such register. Terminates such register and employee placement assistance three years after the effective date of this Act.

Provides for the election and treatment of benefits by protected employees.

Grants Conrail the right to assign, reassign, and consolidate work, formerly performed on the rail properties acquired from a railroad in reorganization, to any location or position on its system if it does not remove such work from a collective bargaining agreement. Limits such authority to the period during which benefits are provided under this Act.

Permits Conrail to subcontract for work that cannot be performed by its employees, with specified exceptions.

Requires that a new collective-bargaining agreement be negotiated between Conrail and representatives of the employees of a railroad in reorganization.

Directs Conrail, Amtrak, or an acquiring carrier to process and pay employee and personal injury claims. Provides for direct reimbursement by the Association for such claims.

Limits Federal and Conrail liability under such collective bargaining agreements.

Prohibits a State from enforcing any law, rule, or standard that requires a specified number of employees to perform a particular task or to pay protective benefits to employees.

Authorizes appropriations for fiscal years 1982 and 1983 for such termination allowances and claims.

Repeals Title V (Employee Protection) of the Regional Rail Reorganization Act of 1973 and specified sections of the Milwaukee Railroad Restructuring Act and the Rock Island Railroad Transition and Employee Assistance Act.

Part 4: Terms of Labor Assumption - Subpart A: Passenger Employees - Amends the Rail Passenger Service Act to describe criteria by which Conrail employees shall be transferred to Amtrak Commuter. Provides for the appointment of a neutral referee if an agreement in regard to such transfer cannot be reached within 30 days. Makes such referee's decision final and binding.

Protects employees of Conrail who are not offered employment with Amtrak Commuter to same extent as if such employees had remained in the employ of Conrail.

Requires that Amtrak Commuter and the employees transferred to it under this Act enter into new collective bargaining agreements with regard to rates of pay, rules, and working conditions.

Directs Amtrak Commuter and the representatives of such transferred employees to establish a fact-finding panel for purposes of recommending changes in operating practices and procedures.

Subpart B: Freight Employees - Amends the Regional Rail Reorganization Act of 1973 to set forth procedures by which Conrail employees shall be transferred to other rail carriers.

Part 5: United States Railway Association - Revises: (1) the membership of the United States Railway Association's Board of Directors; and (2) the functions of the Association.

Directs the Association to report to Congress concerning: (1) the amount of additional funds made available to Conrail; (2) Conrail's progress in meeting the requirements of this Act; and (3) the funds available for additional purchases of Conrail stock.

Directs Conrail to make necessary information available to the Association so that it may carry out its functions under this Act.

Designates as an Advisory Board to the Association those members of its Board of Directors who are serving on the day before the effective date of this Act.

Authorizes appropriations for fiscal years 1982 and 1983 for the administrative expenses of the Association.

Part 6: Miscellaneous Provisions - Grants original and exclusive jurisdiction to the special court over specified civil actions concerning this Act, including injunctive and declaratory relief. Declares that the judgments of the special court shall be reviewable only by the Supreme Court.

Exempts transfers or conveyances of any interest in rail property under this Act from taxes or other levies imposed by the United States, a State, or a political subdivision thereof.

Prohibits the distribution of any Conrail assets in regard to claims of the United States until all other claims against Conrail have been satisfied.

Amends the Regional Rail Reorganization Act of 1973 to direct the Secretary, within 120 days of the effective date of this Act, to petition the special court for an order to transfer all Conrail properties in Connecticut and Rhode Island to another railroad in the region. Makes any employee deprived of employment as a result of such transfer eligible for specified benefits.

Authorizes Conrail to file with the Interstate Commerce Commission a notice of insufficient revenues or an application for a certificate of abandonment for any Conrail line. Directs the Commission to approve such applications unless other financial assistance is offered to the rail line in question.

Amends the Railway Labor Act to establish procedures for handling disputes between a publicly funded and operated carrier providing rail commuter service and its employees.

Directs the Commission, within 120 days of the date of enactment of this Act, to determine costing methodology for compensation to Amtrak for the right-of-way related costs for the operation of commuter rail passenger service and rail freight service over the Northeast corridor and other properties owned by Amtrak. Prohibits judicial review of such determination by the Commission.

Declares that any cost reductions resulting from the provisions of this Act shall not be used to limit: (1) the maximum level of any rate charged by Conrail; (2) the amount of any increase in such rates; and (3) a surcharge or cancellation that is otherwise lawful.

Subtitle F: Amtrak - Amtrak Improvement Act of 1981 - Amends the Rail Passenger Service Act to add new goals for the National Railroad Passenger Corporation (Amtrak).

Revises the membership of the board of directors of Amtrak.

Requires the Corporation to issue preferred stock to the Secretary of Transportation in consideration for further Federal financial assistance.

Prohibits Amtrak from being charged for the cost of any customs inspection or immigration procedure in connection with the provision of Amtrak services.

Directs Amtrak to eliminate the deficit in its onboard food and beverage operations by September 30, 1982.

Exempts Amtrak from State and local taxes to the same extent as the United States is so exempt.

Revises the number and type of reports to be transmitted by Amtrak and the Interstate Commerce Commission to Congress and the President.

Increases the percentage of costs to be paid by a State or group of States for rail service beyond the basic system.

Sets forth criteria by which fare increases shall be proposed and become effective.

Directs Amtrak to submit amendments to the Route and Service Criteria to Congress.

Requires Amtrak to review annually each route in the basic system (formerly long distance routes only) to determine whether specified criteria are being met. Discontinues those lines that fail to meet such criteria.

Directs Amtrak to evaluate the financial requirement for operating the basic rail service system with route additions.

Requires that notice of any discontinuance of service shall afford an opportunity for a State, group of States, Agency, or other person to agree to share the cost of such service or a portion thereof.

Directs Amtrak to continue high frequency intercity rail passenger service under agreements with States or transportation agencies if such service meets certain criteria.

Extends the availability of free or reduced rail transportation for specified employees.

Authorizes appropriations for fiscal years 1982 and 1983 for the purposes of such Act.

Limits, to a specified sum, Amtrak's expenditures for food and beverage operations.

Increases the amount of funds available for purchase and rehabilitation loans.

Directs Amtrak, by June 1, 1982, to report to Congress its recommendations concerning the development of rail corridors.

Subtitle G: Miscellaneous - Chapter 1: Local Rail Assistance - Amends the Department of Transportation Act to reduce the authorization of appropriations for local rail assistance through fiscal year 1984. Reduces the Federal share of costs of rail service assistance programs to 70 percent (presently 80 percent). Revises the procedure for consideration of applications for rail freight assistance.

Chapter 2 - Northeast Corridor - Directs the Secretary of Transportation to complete the Northeast Corridor improvement project in accordance with the goals of the Railroad Revitalization and Regulatory Reform Act of 1976 to the extent of funds authorized under such Act. Limits the authorization of appropriations for such purposes through fiscal year 1983.

Chapter 3: Department of Transportation - Authorizes appropriations to the Department of Transportation through fiscal year 1984 for: (1) official reception and representation expenses; (2) research and development activities; (3) the collection of national transportation statistics; and (4) the Minority Business Resource Center.

Chapter 4 - Railroad Safety - Amends the Federal Railroad Safety Act to reduce the authorization of appropriations for railroad safety.

Chapter 5 - Interstate Commerce Commission - Limits the authorization of appropriations for the necessary expenses of the Interstate Commerce Commission through fiscal year 1984.

Chapter 6 - Transportation Research - Limits the authorization of appropriations to the Department of Transportation for expenses necessary to discharge the functions of the Research and Special Programs Administration through fiscal year 1984.

Title XII: Consumer Product Safety and Communications - Subtitle A - Consumer Product Safety - Consumer Product Safety Amendments of 1981 - Amends the Consumer Product Safety Act, the Federal Hazardous Substances Act, and the Flammable Fabrics Act to revise the procedures governing the promulgation of consumer product safety standards. Eliminates the Commission's authority to develop a standard without making invitation to interested persons.

Requires the Consumer Product Safety Commission to terminate a rulemaking proceeding upon a determination that a voluntary standard submitted as the result of an invitation is likely to eliminate or adequately reduce the risk of injury. Authorizes the Commission to develop proposed consumer product safety rule only if the voluntary standard would not reduce risk of injury or result in compliance. Amends the Consumer Product Safety Act, the Federal Hazardous Substances Act, and the Flammable Fabrics Act to require the Commission to prepare regulatory impact analysis containing specified information, including cost benefit analysis, before publishing or promulgating a consumer product safety rule.

Requires the Commission to find that compliance with a voluntary standard is unlikely to result in elimination of risk or that substantial compliance with such a standard is unlikely, before promulgating a regulation with respect to which persons have formulated a voluntary standard.

Eliminates the Product Safety Advisory Council, the National Advisory Committee for the Flammable Fabrics Act, and the technical advisory committee authorized under the Poison Prevention Packaging Act of 1970.

Establishes a Congressional veto of consumer product safety rules or regulations promulgated under the Consumer Product Safety Act, the Federal Hazardous Substances Act, and the Flammable Fabrics Act.

Deems as confidential and prohibits the disclosure of information obtained by the Commission which is not in the public domain or which the Commission in good faith has obligated itself not to disclose. Prescribes procedures for the release of information deemed non-confidential or disclosable under fair circumstances.

Repeals the provision authorizing interested persons to petition the commission for issuance, amendment, or revocation of a consumer product safety rule.

Directs the Commission to appoint Chronic Hazards Advisory Panels to advise the Commission respecting the chronic hazards of cancer, birth defects, and gene mutation presented by consumer products.

Requires the Commission to provide reasonable assistance to groups seeking to develop voluntary standards.

Directs the Commission to: (1) amend its consumer product safety standard for walk-behind lawn mowers to provide that manually started rotary mowers which have specified characteristics shall be considered in compliance; and (2) report on the effect of such amendment within 24 months after the standard becomes effective.

Amends the Consumer Product Safety Act to exclude as "consumer products" for the purposes of such Act amusement park rides which are permanently fixed to a site.

Amends the Federal Hazardous Substances Act to review the current provision requiring that a hazardous substance sold by a manufacturer distributor, or dealer be repurchased. Authorizes the commission to order a manufacturer, distributor, or dealer to give public or private notice of the hazardous substance, or to repair it, replace it, or refund the price of such substance.

Extends the authorization of appropriations for the Consumer Product Safety Commission in reduced amounts for fiscal years 1982 and 1983.

Subtitle B: Communication - Chapter 1: Public Broadcasting - Public Broadcasting Amendments Act of 1981 - Amends the Communications Act of 1934 to authorize appropriations for the planning and construction of public telecommunications facilities for fiscal years 1982 through 1984. Permits facilities for which construction grants are being sought to be used for purposes other than the provision of public telecommunications service, if such purposes do not interfere with the provision of such service. Reduces the membership of the Board of Directors of the Corporation for Public Broadcasting from 15 to 11. Makes the President of the Corporation the Chairman of the Board. Reduces the term of office of each member from six to five years. Requires Board members to attend at least half the Board meetings per year or else forfeit their membership. Requires the president to fill a forfeited seat within a specified time. Requires the Board members to elect annually a Vice Chairman (rather than a Chairman). Increases the rate of daily compensation, but places a ceiling on the amount of compensation any member may receive in any one fiscal year. Prohibits any Corporation officer except the Vice Chairman from receiving any compensation from any source other than the Corporation for services rendered during such officer's employment by the Corporation.

Requires the Corporation to submit to Congress in May, rather than February, an annual report detailing the Corporation's activities.

Authorizes appropriations to the Public Broadcasting Fund for fiscal years 1984 through 1986. Requires disbursements from such Fund for fiscal years 1984 through 1986. Requires disbursements from such Fund to be made on an annual rather than a quarterly basis. Directs the Corporation to establish an annual budget for use in allocating amounts from the Fund. Limits the amount available for: (1) the Corporation's administrative expenses to five percent of such allocation; (2) other Corporation expenses to not less than five percent of such allocation; (3) distribution among public television station licensees, for contracts for independent production of public television programming and for acquisition of such programs, to 75 percent of the remainder; and (4) distribution among public radio station licensees, for contracts for production of public radio programs and for acquisition of such programs, to 25 percent of the remainder. Requires the Corporation to defray 50 percent of the costs of interconnection facilities and operations. Requires a

substantial amount of the funds utilized for contracts for production of public television and radio programs and for acquisition of such programs to be reserved for distribution to independent producers.

Requires the Corporation, in consultation with public radio stations and with National Public Radio, to determine the allocation of funds for public radio stations and to review annually the criteria for such allocations.

Requires each public broadcast station to assure that: (1) its advisory board meets at regular intervals; (2) the members of such board regularly attend board meetings; and (3) the members of such board are reasonably representative of the communities served by such station.

Authorizes public broadcast stations to broadcast announcements using any business or institutional logogram and referring to the location of the organization involved provided such announcements do not interrupt regular programming. Authorizes any such station to offer services, facilities, or products in exchange for remuneration, except that no such station may use its facilities for broadcasting an advertisement. Prohibits the use of funds distributed by the Corporation to defray the costs associated with offering services, facilities, or products for remuneration. Requires each such station which offers services, facilities, or products for remuneration to develop an accounting system to identify remuneration for or costs related to such activities and to account for such amounts separately from other receipts.

Directs that a study be conducted on alternative financing for public telecommunications entities.

Establishes the Temporary Commission on Alternative Financing for Public Telecommunications. Requires the Commission to establish a demonstration program to determine the feasibility of permitting public television and radio licensees to broadcast advertising announcements. Sets forth the manner of, and criteria for, such demonstration project.

Chapter 2 - Television and Radio Broadcasting - Amends Communications Act of 1934 to extend the license terms for radio from the present three year period to seven years, and for television from three to five years.

Provides for the granting of certain radio or television broadcast licenses and permits based on a system of random selection.

Sets forth special requirements relating to broadcasting station license applications if there are pending before the Commission two or more applications for a license.

Chapter 3 - Regulatory Agencies - Subchapter A - Federal Communications Commission - Authorizes appropriations to the Federal Communications Commission for increases resulting from adjustments in salary, pay, retirement, and other employee benefits for fiscal years 1982 and 1983.

Specifies that the Commission shall have a Managing Director who shall perform such administrative and executive functions as the Chairman shall delegate. Requires the Commission to submit an annual report to the Congress containing specified material.

Requires the Commission to complete the rulemaking proceeding relating to the revision of the uniform system of accounts used by telephone companies as soon as practicable after the date of the enactment of this Act.

Subchapter B - National Telecommunications and Information Administration - Authorizes appropriations to the National Telecommunications and Information Administration for administration for fiscal year 1982.

Subtitle C: Department of Commerce - Authorizes appropriations to the Department of Commerce for expenses necessary for general administration through fiscal year 1984.

Title XVI: Maritime and Related Programs - Authorizes appropriations to the Department of Commerce for fiscal year 1982 for: (1) payment of obligations incurred for the operating differential subsidy; (2) research and development; and (3) operations and training including reserve fleet expenses and maritime education and training expenses.

To improve the operation of the Marine Mammal Protection Act of 1972

Digest: Amends the Marine Mammal Protection Act of 1972 to repeal that section of the Act concerning "optimum carrying capacity." Redefines "depletion" and "depleted" for purposes of the Act. Exempts pure seine tuna fishing from the zero-mortality goals of the Act. Requires continuation of the best marine mammal safety techniques that are economically and technologically practicable for tuna fishing in lieu of such zero-mortality goals.

Authorizes the Secretary of the Interior (or the Secretary of the department in which the National Oceanic and Atmospheric Administration is operating in the case of certain types of marine mammals) to transfer management authority for a species of marine mammal to a State if the Secretary finds that the State will implement a program for the conservation and management of the species that: (1) is consistent with the purposes and goals of the Act and with treaty obligations; (2) requires that all taking of the species be humane; (3) does not permit the taking of the species unless the State has determined that the species is at its optimum sustainable population; (4) does not permit the State to regulate the taking of the species for scientific research and public display purposes; (5) provides procedures for acquiring data relating to the optimum sustainable population of the species and the maximum take that would maintain the species at the level; and (6) provides for the submission of an annual report to the Secretary. Requires specified standards, including public hearings, for the development of a State program. Provides special rules for the development of a program by the State of Alaska. Authorizes the Secretary to revoke, after notice and opportunity for a hearing, any transfer of management authority to a State if the Secretary finds that the State program is being implemented in a manner inconsistent with the provisions and standards set forth in this Act. Allows for the voluntary return of management authority from a State to the Secretary.

Authorizes the Secretary to make grants to the States of 50 percent of the cost of developing and administering management programs.

Authorizes the Secretary to make grants to Federal or State agencies and public or private institutions for research into new methods of locating and catching yellow-fin tuna without the incidental taking of marine mammals.

Authorizes appropriations for the Department of Commerce, the Department of the Interior and the Marine Mammal Commission for fiscal years 1983 and 1984 for purposes of carrying out the provisions of the Act.

To establish a national tourism policy and an independent Government agency to carry out the national tourism policy

Digest: *National Tourism Policy Act* Amends the International Travel Act of 1961 to establish national policy to promote the contributions of the U.S. tourism and recreation industries.

Directs the Secretary of Commerce to: (1) establish facilitation services at major U.S. ports-of-entry; (2) consult with foreign governments on travel and tourism and represent U.S. travel and tourism interests; (3) develop and administer a program for travel industry information, data service, training and education, and technical assistance; (4) develop a program to provide Federal agencies with information regarding the needs and interests of the tourism industry; (5) encourage travel to and from the United States on U.S. carriers; (6) assure coordination within the Department of Commerce to implement the national tourism policy; and (7) submit annually to Congress a marketing plan to promote travel to the United States.

Authorizes the Secretary to provide financial assistance to regions of not less than two States or portions of two States for the implementation of regional tourism promotional and marketing programs which shall serve as demonstration projects.

Establishes in the Department of Commerce a United States Travel and Tourism Administration in lieu of the present U.S. Travel Service, headed by an Under Secretary of Commerce for Travel and Tourism.

Directs the Secretary to designate an Assistant Secretary of Commerce for Tourism Marketing who shall be responsible for the marketing plan required by this Act.

Prohibits the Secretary from: (1) reducing the number of foreign offices of the Administration or the number of Administration employees assigned to foreign countries below the number of U.S. Travel Service employees assigned to foreign countries in fiscal year 1979; and (2) reducing the amounts obligated for the Administration foreign offices below the amounts obligated in fiscal year 1980 for foreign offices of the U.S. Travel Service.

Establishes a Tourism Policy Council to coordinate policies and programs relating to tourism, recreation, or national heritage resources involving Federal departments or agencies. Requires Federal departments and agencies to make available any personnel, information, and services which the Council may request. Directs the Council to establish policy committees to monitor specific areas of federal activity related to tourism. Requires the Council to report annually to the President for transmittal to Congress.

Establishes the Travel and Tourism Advisory Board to advise the Secretary on the implementation of such Act and the Assistant Secretary for Tourism Marketing in the preparation of the marketing plan. Requires the Board to report annually on its activities.

Authorizes appropriations for fiscal year 1982.

An original bill to extend for 1 year the authority of the Secretary of Commerce to reimburse commercial fisherman of the United States for certain losses incurred as the result of the seizure of their vessels by foreign nationals

Digest: Amends the Fishermen's Protective Act of 1967 to direct the Secretary of Commerce to deposit or invest fees collected from certain United States fishing vessel owners which are not currently needed for reimbursements for losses incurred due to seizures of vessels by a foreign country.

Extends the authority to make such reimbursements through October 1, 1984.

Extends from January 1, 1983 (January 1, 1982 in the case of seagoing barges) through January 1, 1988 the current exemption from specified inspection requirements enjoyed by cannery tender, fishing tender vessels, seagoing barges under 5,000 gross tons, and other vessels used in processing or assembling fishery products in the fisheries of the States of Oregon, Washington, and Alaska.

Declares nonnavigable the portion of the Green River in the State of Washington lying upstream from the State Highway 516 bridge which is in existence on the date of enactment.

A bill to make a technical amendment to the International Investment Survey Act of 1976

Digest: Amends the International Investment Survey Act of 1976 to require benchmark surveys of foreign direct investment in the United States covering 1980, 1987 and every fifth year thereafter (rather than covering calendar years 1980, 1987, and every fifth calendar year thereafter). Requires such surveys of U.S. direct investment abroad covering 1982, 1989, and every fifth year thereafter (rather than covering those calendar years).

To amend the Independent Safety Board Act of 1974 to provide authorizations for appropriations, and for other purposes

Digest: *The Independent Safety Board Act Amendments of 1981* Amends the Independent Safety Board Act of 1974 to authorize appropriations for the purposes of such Act for fiscal years 1981, 1982, and 1983. States that such sums shall remain available until expended.

States that certain investigations conducted by the National Transportation Safety Board shall have priority over all other investigations conducted by Federal agencies.

Includes aviation incidents under requirements binding on persons reporting such incidents subject to the Board's investigatory jurisdiction.

States that any properly credentialed employee of the Board, in investigating a transportation accident, may examine and test any materials determined to be required for the purpose of the investigation.

Directs the Secretary of Transportation to report annually to Congress with regard to transportation safety recommendations made by the Board during the preceding year.

An original bill to authorize appropriations for the Federal Fire Prevention and Control Act of 1974, and for other purposes

Digest: *Title I: Earthquake Hazards Reduction Program* Amends the Earthquake Hazards Reduction Act of 1977 to authorize appropriations for fiscal year 1982 for the United States Geological Survey, the National Science Foundation, the National Bureau of Standards, and for specified required adjustments in salaries and benefits as set forth in such Act.

Title II: Fire Prevention and Control Amends the Federal Fire Prevention and Control Act of 1974 to authorize appropriations for fiscal years 1982 and 1983 for: (1) research and development at the Fire Research Center of the National Bureau of Standards; and (2) executive direction by the Federal Emergency Management Agency of certain programs.

Authorizes and directs the Administrator of the United States Fire Administration to convey, without consideration, to Gallaudet College a specified tract of land in the District of Columbia.

Title III: Multihazard Research, Planning, and Mitigation Directs the Director of the Federal Emergency Management Agency to conduct: (1) emergency first response training programs; and (2) a program of planning, preparedness, and mitigation related to earthquake hazards.

Authorizes appropriations for fiscal year 1982 for such purposes, including a specified sum for earthquake preparedness in California.

Title IV: General Provisions Permits funds authorized by this Act to be transferred among specified program categories. Limits such transfers to ten percent of a category unless certain Congressional committees allow otherwise.

A bill to authorize appropriations to the National Aeronautics and Space Administration

Digest: *National Aeronautics and Space Administration Authorization Act, 1982* Authorizes appropriations to the National Aeronautics and Space Administration (NASA) for research and development, construction of facilities, and research and program management for fiscal year 1982.

Permits appropriations for research and development to be used for any items of a capital nature (other than acquisition of land) which may be required at locations other than NASA installations for the performance of research and development contracts, and for grants to nonprofit institutions of higher education, or to nonprofit organizations whose primary purpose is the conduct of scientific research, for purchase or construction of additional research facilities.

Requires the Administrator to notify the appropriate committees of Congress whenever the cost of a facility exceeds a specified amount. Permits funds appropriated for research and development or for construction of facilities to remain available without fiscal year limitation.

Permits the funds for construction of any of specified facilities: (1) in the discretion of the NASA Administrator, to be varied upward ten percent; or (2) following a report by the Administrator to the Committee on Science and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the circumstances of such action, to be varied upward 25 percent to meet unusual cost variations. Limits the total cost of all construction work to the total of the amounts specified.

Permits one-half of one percent of the funds appropriated for research and development to be transferred to the "Construction of facilities" appropriation. Authorizes the expenditure of such funds, together with \$10,000,000 of the funds appropriated for construction of facilities, to construct, expand, or modify laboratories and other installations. Requires the Administrator to notify the appropriate committees of Congress of the specific nature, cost, and reasons for such construction 30 days before expending funds. Permits each committee to provide the Administrator with a written waiver of such period.

Prohibits the expenditure of appropriations for deleted programs, for programs in excess of the amount authorized, and for programs which have not been presented to the appropriate committee for a period of 30 days.

Includes within the special maritime and territorial jurisdiction of the United States any vehicle used or designed for flight or navigation in space and on the registry of the United States while such vehicle is in flight.

Amends the National Aeronautics and Space Act of 1958 to state that any object intended for launch, or assembled in outer space, which is temporarily present in the United States, shall not constitute infringement of any Patent, as specified.

Excludes the United States Government from liability for any infringement of a patent incurred in the launch of a space vehicle for a person other than the United States.

Amends the National Aeronautics and Space Administration Authorization Act, 1970 to repeal the requirement that former NASA employees report their whereabouts and current occupational duties to NASA.

Requires NASA to review and report to the Authorizing Committees of Congress on alternative systems for space transportation system upper stages before appropriations for procurement of any upper stages are expended.

December 29, 1981

An original bill to amend the National Visitor Center Facilities Act of 1968 to provide for the rehabilitation and completion of Union Station in Washington D.C., and for other purposes

Digest: *Union Station Redevelopment Act of 1981* Amends the National Visitor Center Facilities Act of 1968 to direct the Secretary of the Interior, upon request of the Secretary of Transportation, to assign to the latter all of the former's right, title, and interest in the Union Station complex..

Requires the Secretary of Interior to complete the installation of new roofs and associated drainage systems on Union Station.

Relieves the Secretary of the obligation to construct and operate a National Visitor Center at Union Station.

Directs the Secretary of Transportation to rehabilitate and redevelop the Union Station complex primarily as a multiple-use transportation terminal and, secondarily, as a commercial complex, in accordance with specified goals.

Authorizes appropriations.

Directs the Secretary of the Interior to transfer certain unexpended appropriations to the Secretary of Transportation.

Authorizes the Secretary of Transportation to purchase certain property that formerly was leased by the Secretary of the Interior under such Act and assigned to the Secretary of Transportation under this Act.

Directs the Secretary of Transportation to conduct, on an emergency basis, an engineering survey of all existing structures at the Union Station complex. Directs the Secretary, in cooperation with the National Railroad Passenger Corporation (Amtrak), to carry out a planning and market feasibility study to assess the commercial development potential of the Union Station complex. Makes \$1,000,000 available for such studies from amounts appropriated under the Railroad Revitalization and Regulatory Reform Act of 1976 for the Northeast Corridor improvement project.

Requires the Secretary to report to specified congressional committees on such studies. States that such report shall include a specific commitment of Federal funds for completion of the rehabilitation of Union Station.

Provides for congressional committee disapproval, within 90 days, of funding for such project in excess of a certain amount.

Authorizes the Secretary to enter into agreements with private developers in order to achieve the goals set forth in this Act. Sets forth procedures for the selection of a developer for the Union Station complex.

Declares that development agreements entered into under this Act shall be considered cooperative agreements for purposes of the Federal Grant and Cooperative Agreement Act of 1977.

Authorizes the Secretary to enter into agreements and contracts, except contracts for the sale of property rights, with such persons, agencies, or the Architect of the Capitol as are necessary to carry out the purposes of this Act.

Authorizes the Secretary to acquire by lease, property in or related to the Union Station complex necessary for the purposes of this Act.

Permits the Secretary to request the Architect of the Capitol to assign certain property east of Union Station to the use of

the Secretary of Transportation to carry out the provisions of this Act.

Allows the Secretary to use income and proceeds received from activities authorized by this Act for construction, acquisition, leasing, operation, and maintenance costs incurred by the Secretary pursuant to this Act.

Establishes, within the Department of the Treasury, a revolving fund to be known as the Union Station Fund.

Directs the Secretary to approve the completion of the parking facility and associated ramps at Union Station, to be financed with interstate highway funds apportioned to the District of Columbia. Declares that the Federal share of such parking facility shall be 100 percent.

Requires the Secretary to enter into an agreement with the District of Columbia Department of Transportation concerning the Secretary's administration of such parking facility project.

Authorizes the Secretary to release the Washington Terminal Company from specified obligations under the National Visitor Center Facilities Act of 1968.

Directs the Secretary to waive specified statutory or contractual restrictions on such parking facility and ramps.

Authorizes the Secretary to use funds appropriated for intercity rail passenger stations to carry out the purposes of the Act without regard to a matching funds requirement. Prohibits such funds from being used for design, construction, or operation of a heliport at or near Union Station.

Authorizes the Architect of the Capitol to furnish steam and chilled water from the Capitol Power Plant to the Union Station complex.

Repeals certain provisions of the National Visitor Center Facilities Act of 1968.

Amends the Rail Passenger Service Act to include a representative of the Consolidated Rail Corporation (Conrail) on the board of directors of the Amtrak Commuter Services Corporation until January 1, 1983.

Public Law 97-130 (S. 271)

December 29, 1981

A bill to repeal section 222 of the Communications Act of 1934.

Digest: *Record Carrier Competition Act of 1981* Amends the Communications Act of 1934 to eliminate the current provisions governing consolidations and mergers of telegraph carriers except with respect to certain contracts between domestic and international record carriers. Requires the Federal Communications Commission (FCC) to promote the development of fully competitive domestic and international markets for record communications service. Defines "record communications service" to mean those services traditionally offered by telegraph companies such as telegraph, telegram, telegram exchange, and similar services involving an interconnected network of teletypewriters. Defines "record carriers" as carriers of such service. Excludes from the definition of record carriers those common carriers that derive a majority of their revenues from services other than record communications service.

Requires the FCC to reduce its regulation of record carriers as competition develops. Prohibits record carriers from imposing upon users of regulated record communications services the cost of any other services or facilities.

Directs the FCC to require each record carrier, upon reasonable request, to provide full interconnection with any of its record communications facilities. Requires a written agreement covering the provision of such interconnection.

Requires that any agreement covering interconnection needed for international record communications service must provide that the allocation of record communications service between points outside the United States and points of entry in the United States shall be based on a pro rata share of such service between points of exit out of the United States and points outside the United States provided by the carrier requesting the interconnection. Exempts certain carriers from such requirement.

Treats a record carrier which provides both domestic and international record communications services as a separate domestic and a separate international record carrier to furnish the same quality interconnection under equal terms to its domestic or international branch as it furnishes to other carriers. Exempts a record carrier from such requirements if it does not have a significant share of the market for record communications services.

Requires that any agreement between record carriers on furnishing record communications services or facilities will establish a nondiscriminatory formula for allocating revenues from such services. Requires such allocation to be based on costs to the extent it is possible to do so.

Directs the FCC to convene a meeting among all record carriers which would be parties to an interconnection agreement. States that the purpose of the meeting shall be to negotiate such agreement. Requires the FCC to establish an agreement if certain carriers fail to agree. Authorizes a record carrier not subject to the agreement to become subject to the agreement by furnishing written notice to the FCC and the existing parties to the agreement.

Authorizes the FCC to modify or vacate an interconnection agreement if it is inconsistent with developing a competitive market or if it unjustly discriminates against any record carrier.

Denies the FCC the authority for a specified time to take any final action with respect to an application by the Western Union Telegraph Company for authority to provide international record communications service.

Authorizes all record carriers, subject to one limitation, to provide record communications service domestically and internationally. Authorizes record carriers that want to provide domestic record communications service to provide such service without applying to the FCC unless the FCC requires such an application. Directs the FCC to act expeditiously on such applications.

Terminates the provisions of this Act relating to interconnection agreements three years after enactment. Exempts from such termination those provisions requiring nondiscriminatory treatment of domestic and international branches of carriers providing interconnection services.

Extends for one year after enactment the FCC oversight of the distribution formulas for unrouted outbound telegraph traffic and the revenue allocations with respect to such traffic.

Amends the Rock Island Transition and Employee Assistance Act to grant the Interstate Commerce Commission the authority to authorize continued rail service over the lines to the Rock Island Railroad until the disposition of the properties of the railroad. Terminates such authority on a specified date.

Public Law 97-136 (S. 831)

December 29, 1981

A bill to authorize the appropriations for the Coast Guard for fiscal year 1982, and for other purposes.

Digest: Authorizes appropriations for the Coast Guard for fiscal year 1982 for: (1) operation and maintenance expenses; (2) acquisition, construction, rebuilding, and improvement of aids in navigation, shore facilities, vessels, and aircraft; (3) the alteration or removal of bridges over navigable waters; and (4) research, development testing, and evaluation. Requires the prior approval of the appropriate committees of Congress before research and developments plans can be implemented. Guard an end-year strength of 42,224 active duty personnel and 5,484 civilian personnel. Authorizes average military training student loans.

Increases the authorization of appropriations for the operation and maintenance of the Coast Guard for fiscal year 1981. Increases the end-year strength of active duty personnel for fiscal year 1981 from 39,600 to 39,819.

Excludes specified reserve officers on active duty from the active duty promotion list. Makes the rear admiral designated by the Commandant to the position of Chief of Staff the senior rear admiral for all purposes other than pay.

Eliminates a reservist's exemption from registration and liability for military training and service under other law. Permits the Commandant of the Coast Guard to authorize the installation and use of telephones in residences leased or owned by the Government of the United States to assure efficient response to extraordinary operational contingencies.

Modifies the formula for computing the amount of disability or death benefits for member's of the Coast Guard.

Permits the delegation of vessel inspection review and approval to the American Bureau of Shipping or a similar American classification society. Directs the Secretary of the department in which the Coast Guard is operating to report annually to Congress on the implementation of such delegation.

Amends the Vessel Documentation Act to expand eligibility for vessel documentation to vessels owned by an association, trust, or other entity capable of holding title to a vessel under the law of the United States or any State, territory, or possession thereof, or the District of Columbia or the Commonwealth of Puerto Rico, all of the members of which are citizens of the United States. Includes partnerships controlled by U. S. citizens.

Authorizes the Coast Guard to place orders for materials, supplies, equipment work, or services of any kind that any requisitioned Federal agency may be in a position to supply or obtain.

Prohibits the use of funds to remove facilities of Coast Guard Group Port Angeles from Ediz Hook.

Expresses the thanks of Congress to the members of the Coast Guard and others who participated in the rescue of the passengers aboard the motor vessel *Prinsendom*.

Directs the Coast Guard to deploy at least one helicopter for search and rescue at each of specified stations.

Requires the Coast Guard station at Rogue River in Oregon to remain open until at least October 31 of each year.

An original bill to give effect to the Protocol Amending the Convention for the Preservation of the Halibut Fishery of the Northern Pacific Ocean and Bering Sea signed at Washington, March 29, 1979.

Digest: *Northern Pacific Halibut Act of 1982* Requires the United States to be represented on the International Pacific Halibut Commission by three Presidentially appointed commissioners. Sets forth the qualifications of the commissioners. Authorizes the Secretary of State, with the concurrence of the Secretary of Commerce, to accept or reject on behalf of the United States the recommendations of the Commission.

Grants the Secretary of Commerce the general responsibility to carry out this Act and the Convention between the United States and Canada for the Preservation of the Halibut Fishery of the Northern Pacific Ocean and Bering Sea.

Authorizes the Secretary of Commerce to: (1) adopt regulations necessary to carry out the Convention; and (2) cooperate with Canadian officials. Authorizes the Regional Fishery Management Council to develop regulations governing the U. S. portion of Convention waters. Authorizes the Regional Council to provide an opportunity for rural Alaskan coastal villages to establish a commercial halibut fishery in certain areas of the Bering Sea.

Authorizes Federal agencies to cooperate with the Commission.

Makes unlawful certain actions by persons subject to U.S. jurisdiction and by foreign fishing vessels. Sets forth civil and criminal penalties for such actions.

Makes subject to forfeiture fishing vessels used and fish taken or retained in connection with actions prohibited by this Act. Sets forth the methods of carrying out forfeiture proceedings.

Requires the Secretary of Commerce and the Secretary of the department in which the Coast Guard is operating to enforce the Convention, this Act, and the regulations adopted under this Act. Specifies the authority of officers undertaking such enforcement, the courts having jurisdiction over such cases, and the methods of investigating such cases.

Authorizes the Secretary of State to provide office space for the Commission.

Repeals the Northern Pacific Halibut Act of 1937.

Authorizes appropriations.

Public Law 97-191 (S. 2535)

June 1, 1982

A bill to regulate the operation of foreign fish processing vessels within State waters.

Digest: Amends the Magnuson Fishery Conservation and Management Act to permit a foreign ship to process fish within the internal waters of a State only if: (1) such ship is under the flag of a country with which the United States has a fishing treaty; and (2) the ship's owner or operator has applied for and received the Governor's permission to engage in such activities.

Prohibits a Governor from granting such permission if he or she determines that State fish processors possess and will utilize the capacity to process all of the U.S. fish harvested from the concerned fishery.

Requires such ships to comply with all applicable State and Federal laws.

Defines "fish processing" as processing and other related fishing activities, including, but not limited to, preparation, supply, storage, refrigeration, or transportation.

Defines "internal waters of a State" to include all waters within a State's boundaries except those seaward of the baseline from which the territorial sea is measured.

Makes it illegal for a foreign ship to engage in fish processing in U.S. waters except as authorized by this Act.

Makes this Act effective as of June 1, 1982

June 30, 1982

A bill to improve the operation of the Fishermen's Contingency Fund established to compensate commercial fishermen for damages resulting from oil and gas exploration, development, and production in areas of the Outer Continental Shelf.

Digest: Amends the Outer Continental Shelf Lands Act Amendments of 1978 to define an area affected by Outer Continental Shelf activities "as a geographic area where exploration, development, or production activities have been permitted.

Specifies the revenues that shall make up the Fishermen's Contingency Fund. Limits: (1) the total amounts that the Fund may collect relating to Outer Continental Shelf pipeline activities to \$2,000,000; (2) administrative and personnel expenses to eight percent of the amount in the Fund; and (3) annual payments for any lease, permit, easement, or right-of-way to \$5,000.

Lists activities for which such Fund may be used, including administrative expenses and attorney fees.

Exempts geological and geophysical permits, other than pre-lease exploratory drilling permits, from payments and assessments under this Act.

Restricts the compensation payable to commercial fishermen for specified "resulting economic losses" to 25 percent of such losses.

Revises the eligibility of certain claims for payments from such Fund.

Establishes a presumption that damages to a fishing vessel were caused by activities related to oil and gas exploration, development, or production if a claimant establishes certain facts. Extends the time within which related damage reports must be filed.

Revises claims procedure provisions to: (1) require the Secretary to notify a claimant about an improperly filed claim within 30 days, and gives such claimant 30 days after such notice to refile; (2) require the Secretary to make an initial claim determination within 60 days, and gives the claimant 30 days after such determination to petition for review; (3) give the petitioner 30 days to submit written or oral evidence concerning such review, and requires the Secretary to make a final determination within 60 days of receipt of such review petition; (4) include claim preparation fees within an award; (5) move judicial review jurisdiction for these adjudications from the U.S. circuit courts to the U.S. district courts; and (6) reduce the time for seeking judicial review from 60 to 30 days.

Eliminates the two-year Outer Continental Shelf obstruction survey requirement.

Requires that regulations necessary to implement the provisions of this Act be promulgated within 120 days to the enactment of this Act.

Allows claimants who have filed for compensation before the effective date of this act to re-file under the provisions of this Act.

Digest: (of those provisions under the jurisdiction of the Commerce Committee).

Tax Equity and Fiscal Responsibility Act of 1982.

Subtitle I: Amends the Communications Act of 1934 to provide for at least one VHF television broadcasting station in each State.

Title V: Airport and Airway Improvement — Airport and Airway Improvement Act of 1982 — Directs the Secretary of Transportation, not later than two years after enactment of this title and every two years thereafter, to publish the status of the existing national airport system plan to provide for the development of public-use airports. Renames such plan the national plan of integrated airport systems.

Requires the Administrator of the Federal Aviation Administration to submit to Congress, not later than 90 days after enactment of this title, a ten-year national airways system plan setting forth programs and facilities necessary to meet forecasted needs of civil aeronautics, support of national defense, and to provide the highest degree of safety in air commerce.

Requires the Comptroller General, not later than 180 days after enactment of this Act, to submit to Congress an evaluation of the feasibility of making domestic military airports available for joint civil and military use. Directs the Secretary of Defense and the Secretary of Transportation to submit to Congress, not later than one year after enactment of this Act, a plan for such joint use.

Authorizes appropriations from the Airport and Airway Trust Fund for FY 1982 through FY 1987 for the airport improvement program. Sets forth the method of apportionment for such funds.

Authorizes the Secretary to incur obligations from the Fund in the form of project grants, block grants, and block grant supplements for eligible recipients to acquire, establish, or improve air navigation facilities. Requires the Secretary, upon approving a grant application to enter into an agreement with the sponsor of the application, on the terms and conditions necessary to meet the requirements of this Act, including an offer for the United States share of 75 to 90 percent of allowable project costs.

Makes construction work for airport development under a project grant application subject to inspection and approval by the Secretary. Requires that contracts for such work establish minimum rates of pay as predetermined by the Secretary of Labor and include provisions for employment preference to veterans of the Vietnam era and disabled veterans.

Directs the Secretary of Transportation to assist in the acquisition of Government-owned lands where necessary for projects at public airports. Excludes certain public-use lands from such acquisition.

Sets forth recordkeeping requirements, penalties for false statements, and nondiscrimination provisions for activities funded under this Act.

Requires the Secretary, not later than one year after enactment of this Act, to report to Congress on whether airports which have the ability to finance their capital and operating needs without Federal assistance should be made ineligible for federal assistance for development and planning.

Amends the Federal Aviation Act of 1958 to authorize the Secretary to prescribe standards for airport runway friction.

Declares that the providing of aeronautical access services at an airport by a single fixed-based operator shall not be construed as an exclusive right if it would be unreasonably costly, burdensome, or impractical for more than one such operator to provide the services and if it would require a reduction in the existing operator's leased space.

Amends the Airport and Airways Development Act Amendments of 1976 to authorize appropriations from the Airport and Airway Trust Fund to compensate air carriers for security screening in foreign air commerce. Requires the Secretary to report to Congress on the amounts due to such air carriers.

Revises provisions relating to safety certification of airports.

Prohibits States from levying specified taxes on air carriers.

Restricts the Secretary's authority to close or provide for part-time operation of flight service stations operated by the Federal Aviation Administration.

Directs the Secretary, in contracting out for the operation of an airport facility by a State or political subdivision, to assure that the U.S. Government is held harmless from liability for acts or omissions of an employee or agent of such State or political subdivision.

Requires the Secretary to appoint a task force to study the problem of allocating the use of airport facilities and airspace.

Authorizes appropriations from the Airport and Airway Trust Fund for FY 1982 through FY 1987 for the Secretary to make grants for the continuation of the Explosive Detection K-9 Team Training Program.

Grants the release of certain deed restrictions to the following airports: Crystal City, Texas; Brownwood, Texas; Grand Junction, Colorado; and Newport, Arkansas.

Public Law 97-259 (H. R. 3239) September 13, 1982

A bill to amend the Communications Act of 1934 to authorize appropriations for the administration of such Act, and for other purposes

Digest: Title I: Communications Amendments - Communications Amendments Act of 1982 - Amends the Communications Act of 1934 to change the limitations on the types of companies in which employees and commissioners of the Federal Communications Commission (FCC) may have a financial interest. Prohibits Commissioners and FCC employees from holding financial interest in companies that have a significant interest in communications, manufacturing, or sales activities that are regulated by the FCC. Authorizes the FCC in certain cases, to waive the prohibitions for FCC employees. Requires the FCC to notify Congress whenever the FCC exercises such waiver authority.

Limits the number of members of the FCC who may be members of the same political party to the number of commissioners which constitutes a majority of the full membership of the Commission. (Current law prohibits more than four members of the FCC from being members of the same party.)

Sets the salary rates for FCC Commissioners. Allows each Commissioner three professional assistants. Authorizes the FCC to accept direct reimbursement from a sponsor of a conference for the expenses incurred by FCC employees attending the conference if the sponsor requested their attendance and their attendance furthered the functions of the FCC.

Limits the travel expenditures of the FCC for any Fiscal year together with the amount of reimbursements that the FCC accepts to the amount appropriated for (FCC) travel expenses for that fiscal year. Requires the FCC to report to Congress on the reimbursements that the FCC accepts.

Authorizes the FCC to accept the voluntary services of persons holding amateur station operator licenses to prepare and administer examinations for an amateur station operator license. Authorizes the FCC to recruit, train, and accept the voluntary services of such licensees to monitor violations of the Communications Act. Limits the functions of such monitors.

Prohibits persons employed by or owning significant interests in certain businesses related to amateur radio broadcasting from serving as voluntary examiners or monitors.

Permits the FCC to reorganize its bureaus and offices. Requires only two (currently three) employees on employee boards formed to conduct adjudicatory reviews.

Deletes the termination date for provisions requiring the FCC to determine the rates for pole attachments.

Grants the FCC jurisdiction over all intrastate radio communications.

Authorizes the FCC to make reasonable regulations establishing minimum performance standards for home electronic equipment and systems to reduce their susceptibility to radio interference. Prohibits the shipment of home electronic equipment and systems that do not comply with such regulations. Exempts certain home electronic equipment and systems from such restrictions.

Provides that any minimum performance standard established by the FCC under this Act shall not apply to home electronic equipment or system, manufactured before enactment of this Act.

Authorizes the FCC to issue radio station operator licenses to qualified persons who are legally eligible for employment in the United States (currently, aliens may not obtain such licenses).

Authorizes the FCC to suspend the licenses of operators who cause, aid, or abet violations of the Communications Act.

Authorizes the FCC to recognize radio station licenses and radio operator licenses issued by foreign governments with respect to aircraft registered in the United States.

Increases the terms of licenses and license renewals for non-broadcast stations from five to ten years. Makes the term of any license for the operation of an auxiliary broadcast station or equipment concurrent with the term of the license of the primary station.

Permits the FCC to authorize the operation of radio stations without individual licenses in the radio control service and the citizen band radio service.

Authorizes the FCC to grant temporary (currently, emergency) radio operation authorization for renewable periods of up to 180 (currently 90) days.

Requires the FCC to conduct a preliminary review of the applications for certain construction licenses on permits which are subject to a random selection system. Requires the FCC to hold a hearing on the qualifications of the applicant chosen through the random selection system if substantial and material questions of fact exist concerning such applicant's qualifications.

Requires the FCC to grant significant preferences to applicants that would increase the diversification of ownership of the media of mass communications. (Current law requires significant preferences to be given to applicants which are underrepresented in the ownership of telecommunications facilities or properties.)

Requires the FCC, within 180 days of enactment of this Act, to prescribe rules for implementing the random system of selecting licensees and permittees.

Permits FCC approval of an agreement in which an applicant for a broadcast station construction permit agrees with other applicants to withdraw, only if the FCC determines that the agreement serves the public interest and no party to the agreement applied for the permit in order to reach such an agreement. Makes the provisions relating to broadcast station license applications comply with the construction permit provisions.

Defines the terms "willful" and "repeated" for purposes of determining administrative sanctions.

Prohibits requiring construction permits for public coast stations, privately owned fixed microwave stations, or stations licensed to common carriers, unless public necessity requires them. Prohibits waiving the construction permit requirement for other stations, unless the public interest would be served. Denies the FCC the authority to waive the permit requirement with respect to broadcast stations.

Sets forth factors the FCC shall consider in taking actions to manage the spectrum to be made available to the private land mobile services.

Authorizes the FCC to use assistance furnished by private sector coordinating committees in coordinating the assignment of frequencies to stations in the private land mobile and fixed services.

Requires the appellant in an appeal of an FCC order to notify the other persons interested in the appeal (currently, the FCC must make such notifications).

Changes the filing deadlines for certain petitions for review and the effective date of certain FCC orders.

Makes cable television system operators subject to a forfeiture penalty for violations of the Communications Act.

Authorizes the Federal seizure of radio devices operated without a license and of radio equipment illegally operated. Sets forth the procedures to be followed in such seizures.

Exempts from the prohibition against unauthorized publication of radio communications those amateur radio band communications monitored by volunteers for enforcement actions by the FCC.

Amends the Federal criminal code to extend to FCC employees the statutory protection against assaults and death that exists for Federal employees.

Title II: National Telecommunications And Information Administration - Authorizes appropriations for the National Telecommunications and Information Administration for FY 1983 and 1984.

Directs the Administration to conduct a study of the long range telecommunications and information goals, policies, and strategies of the United States. Directs the Administration to review the manner by which the United States develops its telecommunications and information policy.

Public Law 97-261 (H. R. 3663)

September 20, 1982

A bill to amend Subtitle IV of title 49, United States Code, to provide for more effective regulation of motor carriers of passengers.

Digest: *Bus Regulatory Reform Act of 1982* - Sets forth the findings of Congress in regard to the need for a safe, competitive, and fuel-efficient motor bus system.

Requires the appropriate congressional committees to conduct periodic oversight hearings on the effects of this Act not less than annually until July 1, 1985.

Amends the Interstate Commerce Act to include the interstate motor carrier transportation of passengers in the overall transportation policy of the United States.

Revises the entry policy for motor carriers of passengers, motor contract carriers, and brokers of passengers.

Prohibits the Interstate Commerce Commission (ICC) from issuing a certificate to a motor common carrier, or permit to a motor contract carrier, owned or controlled by persons of a contiguous country, or domiciled in such a country, for a period of two years after the date of enactment of this Act. Authorizes the President to remove or modify such restriction if it is determined that such removal or modification is in the national interest.

Declares that on the effective date of this Act a certificate to provide interstate transportation of passengers shall be deemed to authorize (but not require): (1) round-trip operations where only one-way authority exists; and (2) special and charter transportation from all points in a political subdivision where points of origin are limited. Authorizes the ICC, upon the request of a certificate holder, to remove operating restrictions on intermediate points on a route when such removal does not adversely affect commuter bus service.

Allows a motor common carrier of passengers to transport special or charter passengers in the same motor vehicle with regular-route passengers.

Describes ratemaking procedures and the use of rate bureaus by motor carriers of passengers.

Amends the Motor Carrier Act of 1980 to increase the membership of the Motor Carrier Ratemaking Study Commission. Extends to January 1, 1984, the due date of such Commission's final report on the collective ratemaking process. Increases the authorized appropriations for such Commission. Requires the Study Commission to conduct an investigation and study of the impact of the implementation of this Act (especially the potential termination of bus routes) on persons over 60 years of age, including those who reside in rural areas and small communities. Requires the Study Commission to notify Congress immediately if it finds conditions that jeopardize the viability of continued intrastate services.

Sets forth the zone of pricing freedom for motor carriers of passengers. Permits the ICC to increase rates within specified percentage ranges. Declares that rates and fares implemented pursuant to this Act shall be subject to specified antitrust laws. Removes the ICC authority to suspend rates after three years of the effective date of this Act, except on ratemaking actions where antitrust immunity is retained or where any rate is predatory or discriminatory.

Prohibits ICC investigation or suspension of rates proposed by motor common carriers of passengers applicable to special or charter transportation except when such rates constitute certain predatory practices.

Sets forth procedures by which carriers may discontinue or substantially reduce service on the intrastate portion of a route for which they have interstate and intrastate authority. Prohibits States from enacting laws relating to the discontinuance or reduction of service except to the extent of requiring notice of discontinuance or reduction, not in excess of 30 days.

Authorizes the ICC to prescribe rates, rules, or practices applicable to intrastate transportation provided by a motor common carrier of passengers under specified conditions. Establishes a rebuttable presumption that such rates, rules, or practices impose an unreasonable burden on interstate commerce if: (1) such a rate, rule, or practice results in intrastate rates; (2) a carrier's revenues fall below the variable costs of providing such intrastate service; (3) the State agency having jurisdiction over the rate, rule, or practice failed to act on a carrier's request within a specified time. Prohibits States from enacting laws relating to scheduling of interstate or intrastate transportation except to the extent of requiring notice of rescheduling not in excess of 30 days. Makes such prohibition inapplicable to intrastate commuter service.

Requires the ICC to prescribe such a rate whenever it finds that a reduction in a rate charged for intrastate service on an authorized interstate route constitutes a predatory practice in contravention of established transportation policy. Directs the ICC to report to Congress on the results of its efforts to establish uniform standards and procedures applicable to carrier rates, rules, and practices.

Directs the Secretary of Transportation to establish minimum levels of financial responsibility for any motor vehicle operated in interstate or international commerce by a motor carrier of passengers.

Establishes civil penalties for violations of such financial responsibility provisions. Exempts school buses, taxicabs, and certain roundtrip commuter vehicles from such provisions.

Amends the Securities Act of 1933 to grant jurisdiction over the issuance of securities by motor carriers of passengers to the Securities and Exchange Commission.

Prohibits a State or subdivision thereof from levying a discriminatory or unreasonably burdensome tax on interstate motor carrier transportation.

Authorizes the ICC to exempt motor carriers of property from merger, consolidation, and acquisition of control transaction provisions of law. Sets forth criteria which the ICC must consider in such proceedings for motor carriers of passengers. Requires an applicant for exemption to give the ICC and the public 60 days advance notice before an exemption takes effect.

Authorizes the ICC, upon petition by the Secretary of Transportation, to suspend a motor carrier certificate or permit if the Commission finds that such carrier has been conducting unsafe operations which are an imminent hazard to public health or property.

Sets forth civil penalties of persons illegally providing transportation of passengers.

Permits the Commission to provide administrative assistance to small motor common carriers of passengers and local governments preparing for certain ICC proceedings.

Directs the Secretary to contract with the National Academy of Sciences to study the use of citizen band radios by the bus operator on motor vehicles providing intercity motor carrier passenger transportation. Requests the Academy to report to the Secretary and to Congress on such study.

Requires the Secretary and the ICC to report to the President and to Congress on the ownership, location, and adequacy of bus terminals.

Provides specified protection to employees whose employment is terminated by a motor carrier of passengers (other than for cause) within ten years after enactment of this Act. Directs the ICC to maintain a list of jobs available with class I motor carriers of passengers.

Allows the ICC to adopt, after a rulemaking proceeding, a special procedure for providing interested parties notice of entry or restriction removal applications, in lieu of using the Federal Register. Eliminates the statutory requirement that State regulatory commissions be notified of the filing of new applications.

Declares that the ICC has no jurisdiction over transportation by a motor carrier operating solely within the State of Hawaii, except over transportation of household goods. Declares that Hawaii has jurisdiction over all such exempt transportation.

Public Law 97-286 (S. 2271)

October 6, 1982

Eliminates the floor on the funds allocation for the office of Weights and Measures. Mandates a minimum allocation for Metals Processing.

Limits the Amount of excess foreign currency obligation which the Bureau may incur.

Authorizes additional appropriations for: (1) National Technical Information Service activities; (2) the Office of Productivity, Technology, and Innovation; and (3) necessary salary adjustments.

Directs the Secretary of Commerce to charge other agencies for services the Bureau performs at their request. Permits the waiver of such charge as specified.

Public Law 97-309 (H. R. 5930)

October 14, 1982

A bill to extend the Aviation Insurance Program for 5 years

Digest: Amends the Independent Safety Board Act of 1974 to require the President to appoint individuals as members of the National Transportation Safety Board based upon their technical qualifications, professional standing, and demonstrated knowledge in the fields of accident reconstruction, safety engineering, human factors, transportation safety, or transportation regulations. Declares that such amendment does not preclude the reappointment of an individual currently serving on the Board.

Directs the Board to withhold from public disclosure cockpit voice recordings and transcriptions of oral communications by and between flight crew members and ground stations associated with accidents or incidents being investigated. Allows the Board to make public transcribed portions of relevant and pertinent oral communications at the time of its public hearing, not later than 60 days after the incident. Authorizes the Board to refer to cockpit voice recorder information in making safety determinations.

Amends the Federal Aviation Act of 1958 to extend to September 30, 1987, the authority of the Secretary of Transportation to provide war risk aviation insurance and reinsurance.

Eliminates the transfer to the Department of Justice on January 1, 1983, of the authority of the Civil Aeronautics Board to approve certain consolidations, mergers, acquisitions and interlocking relationships relating to interstate and overseas air transportation. Provides for such transfer on January 1, 1985.

Public Law 97-322 (S. 2252)

October 15, 1982

A bill to authorize appropriations for the Coast Guard for fiscal years 1983 and 1984

Digest: Title I: Coast Guard Authorization Act of 1982 — Authorizes appropriations for the Coast Guard for FY 1983 and 1984 for: (1) operation and maintenance expenses; (2) acquisition, construction, rebuilding, and improvement of aids to navigation, shore facilities, vessels, and aircraft; (3) research, development, testing, and evaluation; (4) alteration or removal of bridges over navigable waters constituting obstructions to navigation; and (5) retired pay under the Retired Serviceman's Family Protection and Survivor Benefits Plans and for payments for medical care of retired personnel and their dependents under the dependents' Medical Care Act.

Permits the Coast Guard an end-year strength of 41,500 active duty personnel. Authorizes average military training student loads.

Revises the authority of the Coast Guard to establish and operate aids to maritime navigation on the inland waterways by contract with persons or public bodies or instrumentalities. Directs the Secretary of the department in which the Coast Guard is operating to report to Congress within a year on the exercise of such contracting authority and on increased civilian participation.

Eliminates the Secretary's annual report to Congress concerning the utilization of authority to lease housing facilities for military personnel and their dependents.

Amends the General Bridge Act of 1946 and other Acts to exclude from specified bridge construction and operation provisions bridges over waters not subject to the ebb and flow of the tide and not used in interstate or foreign commerce.

Eliminates the misdemeanor of unreasonable delay in opening a drawbridge. Requires that violations of regulations for bridges over navigable waters be willful to be punishable. Prohibits a vessel owner or operator from signaling a drawbridge to open for any nonstructural vessel appurtenance which is not essential to navigation. Establishes a civil penalty for violations of specified bridge regulations and orders of the Army Chief of Engineers.

Requires the owner or operator of a bridge or causeway to keep it in proper repair so that it does not obstruct or make navigation hazardous.

Requires that complete files of vessel inspections or examinations delegated to the American Bureau of Shipping or similar agent be kept in the United States and accessible by the Coast Guard.

Revises personnel and manning standards for foreign vessels.

Increase the amount of penalties under the Federal Boat Safety Act of 1971.

Directs the Commandant of the Coast Guard to review policies and procedures for towing and salvaging disabled vessels to minimize competition with private enterprise.

Establishes an end strength level for full-time civilian employees for FY 1983 and 1984.

States that a vice admiral's place on the active duty promotion list, grade, rank, pay, and allowances shall not be disturbed by the termination of an appointment for reappointment to another position as vice admiral.

Repeals the requirement that the Coast Guard discharge upon petition any person under 21 who enlisted without parental consent.

Permits the Commandant of the Coast Guard to provide medical and dental care to entitled personnel.

Repeals the requirement that the Secretary of Transportation submit to Congress annually a report on special pay given to Coast Guard officers holding positions of unusual responsibility of a critical nature.

Increases the authorization for operating expenses for FY 1982.

Amends the Federal Boat Safety Act of 1971 to direct the Secretary of the department in which the Coast Guard is operating to publish at least annually a solicitation of nominations for membership on the Federal Boat Safety Advisory Council. Authorizes the Council to make available to Congress any information or recommendation which the Council is authorized to give the Secretary. Makes specified alterations in the compensation paid to Council members.

Amends other specified Acts, including the Inland Navigational Rules Act of 1980, to make the same changes in the provisions affecting a Coast Guard Academy Advisory Council, and the Towing Safety Advisory Committee.

Requires the Coast Guard to investigate specifically factors leading to loss of life as part of its investigations of marine casualties involving loss of life.

Directs the Coast Guard to notify the House Merchant Marine and Fisheries Committee and the Senate Commerce Committee in advance of any hearing concerning a major marine accident where there has been a loss of life and to provide such Committees with any requested marine casualty information.

Amends the Recreational Boating Safety and Facilities Improvement Act of 1980 to enable the Committee on Appropriations to appropriate funds from the boating trust fund without resulting in a corresponding reduction in overall Department of Transportation budget authority.

Converts the existing grant authority to contract spending authority effective in FY 1983 for reviewing state boating safety programs.

Expresses the sense of Congress that the President and the Coast Guard should give the search and rescue operations of the Coast Guard a high priority.

Title II: Sailing School Vessels Act of 1982 — Sets forth provisions to include sailing school vessels operated by nonprofit educational institutions under the regulatory authority of the Coast Guard as small passenger-carrying vessels. Excludes sailing school instructors, students, and guests from the definition of "passenger" for such vessels. Declares that such instructors or students shall not be considered seamen under Federal statutes.

Requires each owner or charterer of a sailing school vessel to maintain evidence of financial responsibility to meet liability for death or injury to sailing school students or instructors on vessel voyages.

Directs the Secretary of the department in which the Coast Guard is operating to prescribe rules and regulations necessary to carry out this Act.

Public Law 97-324 (H. R. 5890)

October 15, 1982

An act to authorize appropriations to the National Aeronautics and Space Administration for research and development, construction of facilities, and research and program management

Digest: *National Aeronautics and Space Administration Authorization Act, 1983.* Title I: Authorizes appropriations to the National Aeronautics and Space Administration (NASA) for research and development, construction of facilities, and research and program management for FY 1983.

Permits appropriations for research and development to be used for any items of a capital nature (other than acquisition of land) which may be required at locations other than NASA installations for the performance of research and development contracts, and for grants to nonprofit institutions of higher education, or to nonprofit organizations whose primary purpose is the conduct of scientific research, for purchase or construction of additional research facilities.

Requires the Administrator to notify the appropriate committees of Congress whenever the cost of a facility exceeds a specified amount. Permits funds appropriated for research and development or for construction of facilities to remain available without fiscal year limitation.

Permits the funds for construction of any of specified facilities: (1) in the discretion of the NASA Administrator, to be varied upward ten percent; or (2) following a report by the Administrator to the Committee on Science and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the circumstances of such action, to be varied upward 25 percent to meet unusual cost variations. Limits the total cost of all construction work to the total of the amounts specified.

Permits one-half of one percent of the funds appropriated for research and development to be transferred to the "Construction of facilities appropriation. Authorizes the expenditure of such funds, together with an additional \$10,000,000, to construct, expand, or modify laboratories and other installations. Requires the Administrator to notify the appropriate committees of Congress of the specific nature, cost, and reasons for such construction 30 days before expending funds. Permits each committee to provide the Administrator with a written waiver of such period.

Prohibits the expenditure of appropriations for deleted programs or programs in excess of the amount authorized, unless they have been presented to the appropriate committee for a period of 30 days.

Expresses the sense of Congress that consideration should be given to the geographical distribution of research funds.

Directs the Administrator to charge the Department of Defense for payloads placed in orbit by the Space Shuttle after FY 1984.

Requires the Director of the Federal Emergency Management Agency to ensure the performance of the requirements of the Federal Fire Prevention and Control Act of 1974 during FY 1984. Requires the Director to reserve funds for the United States Fire Administration.

Title II: Authorizes the Secretary of Commerce to: (1) plan for the management and operation of a civil land remote sensing satellite system transferred from NASA; (2) provide for user fees; and (3) plan for the transfer of such systems to the private sector. Directs the Secretary to conduct feasibility studies for such transfer and report to Congress on them by February 1, 1983.

Authorizes appropriations.

Prohibits the transfer of such systems to the private sectors until the appropriate committees of Congress are given 30 days notice of such action.

Public Law 97-331 (H. R. 6273) October 15, 1982

A bill to amend the National Traffic and Motor Vehicle Safety Act of 1966 and the Motor Vehicle Information and Cost Savings Act to authorize appropriations for fiscal years 1983, 1984, and 1985

Digest: *Motor Vehicle Safety and Cost Savings Authorization Act of 1982* —Amends the National Traffic and Motor Vehicle Safety Act of 1966 and the Motor Vehicle Information and Cost Savings Act to authorize appropriations for fiscal year 1983 through 1985 to carry out provisions concerning: (1) motor vehicle safety standards; (2) bumper standards; (3) the automobile consumer information study; and (4) odometer requirements.

Amends the National Traffic and Motor Vehicle Safety Act of 1966 to allow States to establish procedures to enforce safety standards identical to Federal standards.

Prohibits the Secretary of Transportation from requiring independent tire dealers and distributors to complete or compile tire registration forms. Requires such dealers to furnish the first purchaser of a tire with a registration form which the purchaser may send directly to the manufacturer of the tire.

Directs the Secretary, at the end of the two-year period of the effective date of this Act, to evaluate the effectiveness of the registration procedures. Requires the Secretary to report to Congress before imposing any new requirements. Requires tire manufacturers to reimburse dealers and distributors for reasonable costs incurred with respect to any new requirements.

Authorizes the Secretary to issue a public notice of a recall of defective tires.
